Subject: NY Smelter Sites (NYS) Sample Delivery and Recap

Good morning,

I delivered all remaining samples to the DESA laboratory for the New York Solder Co site (Task # 1403) today. This case is complete.

To confirm, all samples have been collected for the following sites and are case complete as of today: New York Solder Co (Task 1403), Pittsburgh White Metal (Task 1409), Kornblum Sidney Metals Co. (Task 1408), and Columbia Smelting & Refining Works (Task 1411).

Please let me know if you have any questions or concerns.

Thank you,

Denise Breen
